president of the institution in consultation with the Chancellor (BoR Minutes, June 2004); and,

Cooperative Organizations have been extraordinarily beneficial in supporting the institutions of the University System of Georgia in a variety of ways, such as providing scholarships for students, endowments for faculty, acquiring real estate for the institution, and enhancing funds for research programs and athletics. The following guiding principles are proposed to clarify the roles and responsibilities of the institution and the Cooperative Organizations as they seek to enhance the reputation and quality of the University System of Georgia.

1. The mission of the Cooperative Organization shall be closely aligned with the mission, functions and activities of the institution it supports.

2. It is the responsibility of the Board of Regents of the University System of Georgia to provide guidance for and approval of the strategic direction of each institution. It is the responsibility of each institution to carry out its mission as articulated by the Board of Regents. It is the responsibility of the Cooperative Organization to support the institution at all times in a cooperative, ethical and collaborative manner, engage in activities in support of the institution and its president, and, where appropriate, assist in securing resources, administer assets and property in accordance with donor intent, and manage its assets and resources so that the property, resources and funds hold their purchasing power into the future.

3. The priorities of the institution, as set by the president, shall be integrated into the operation, activities, efforts, and priorities of the Cooperative Organization. Institutional priorities shall be set by the President and it is assumed the president will develop these in consultation with all appropriate constituencies.

4. The Cooperative Organization’s Board and Executive Committee shall include the institution’s president, or the president’s designee, as a voting member. Institutional officers designated by the president also should be included on the Cooperative Organization’s Board and its committees as either members or ex-officio members (voting and/or non-voting), to foster and maintain productive relationships, to ensure an open and ongoing dialogue between the institution and the Cooperative Organization, and to ensure the alignment of priorities. Of equal importance, the volunteer chair/president of the Cooperative Organization shall have direct access to the institutional president.

5. Cooperative Organizations shall have a comprehensive strategic plan to guide them in their mission to support the institution. It is expected that the President of the institution shall have input and shall be consulted in this process.

6. Cooperative Organizations have a responsibility to remain current with accounting and investment practices and ensure that they follow sound financial policies, practices and procedures.

7. The Cooperative Organization shall develop policies to ensure that its business, governance, and programming activities are conducted in an open and responsible manner, consistent with the

Revised August 20, 2014
laws of the State of Georgia and, where applicable, federal regulations to include those regulations governing tax-exempt debt.

8. The Cooperative Organization shall be accountable, its financial transactions transparent, and it shall disclose the following to the institution: the financial audit by outside firms, the annual report of activities and results (not donor information), list or report of the Cooperative Organization's priorities, operating budget, policies on disbursements (including expenditure policies), investment policies, operational costs, and policies regarding the establishment of all priorities, in accordance with all applicable laws.

9. The Cooperative Organization shall develop policies and procedures to establish ethical standards to ensure that no conflict of interest occurs between its members and employees and the activities of the cooperative organization and the institution.

10. Since the Board of Regents owns the intellectual property of the institutions, all usage by the Cooperative Organization of the institution's name, symbols, or trademarks is subject to approval by the institution or Board of Regents.

11. The Cooperative Organization should always operate in a manner that is consistent with the best interest of the institution. The Board of Regents of the University System of Georgia and the president of the institution in consultation with the Chancellor may determine that the Cooperative Organization's operations and activities are not in the best interest of the institution and/or Board.

12. Notice to and concurrence of the Board of Regents or institution is required for change of name, change of mission, or change of governance documents or structure of the Cooperative Organization.

13. Should a Cooperative Organization cease to exist, all obligations regarding existing resources must be fulfilled in accordance with donor's intent, and any remaining assets and property of the Cooperative Organization must be transferred to another entity in support of the mission of the institution.

14. No employee of the institution, or member of their immediate family, may receive remuneration (salary, stipend or gifts for service) from the Cooperative Organization without the approval of the institutional president; or, in the case of the president or the president's immediate family, the Chancellor; or, in the case of the Chancellor or the Chancellor's immediate family, the Board.

15. All Cooperative Organizations must execute a Memorandum of Understanding that meets the letter and spirit of the Board of Regents official proposed Memorandum of Understanding with Cooperative Organizations.

16. Cooperative Organizations must agree to comply with all Board of Regents policies that pertain to Cooperative Organizations.
