

FINDING A GREAT MENTOR IS SIMPLE.
BECOME A MENTEE TODAY.

**UNIVERSITY OF
GEORGIA**
Mentor Program

BECOME A MENTEE

WHAT IS THE UGA MENTOR PROGRAM?

The UGA Mentor Program is a **free** platform open to all students — undergraduate, graduate, and professional — who are looking to make meaningful connections with alumni, faculty, staff, and friends of the University. The best part — **YOU** choose who you want to connect with!

WHAT IS THE COMMITMENT?

Being a mentee means showing up, staying engaged, and taking initiative. Just one conversation a month can make a big impact—your effort, communication, and follow-through determine your success.

PATHS TO CONNECTION:

16-Week Mentorship: a one-on-one connection with a mentor over 4 months. You will meet with a mentor multiple times during the course of the connection.

Circles of Success: you will meet with a group of between 2-8 students, plus your mentor, for the duration of 16 weeks.

Quick Chats: one-time, 15-30 minute conversations with a mentor. You can connect with up to 2 mentors for a Quick Chat at the same time.

HOW TO GET STARTED:

Create a Profile: head to mentor.uga.edu to create a profile highlighting your interests, goals, and career aspirations.

Customize Your Search: you can search and connect with a mentor based on a variety of criteria, including industry, major, location, background, and more!

Connect from Anywhere: with the option to connect virtually or in-person, you can make your mentorship fit into your busy schedule.
